## INSTANT REFERENCES AND RESOURCES FOR STUDENTS STUDYING GEOGRAPHY

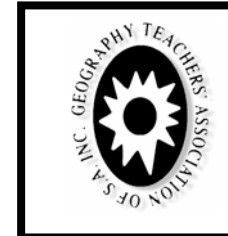

The CD Rom contains over 1000 links for:

- Urban geography
- Environmental issues
- Regional Geography
- Historical Geography
- Tourism
- Spatial technology
- Atmospheric conditions
- Resources and energy
- Water resources
- Atlases and references
- Natural hazards
- Agricultural Geography
- Economic Geography
- Pollution issues
- Development Geography
- Social geography
- Development Geography
- Careers in Geography

**ONLY \$49**

A new  
GTASA  
2007  
resource for  
teachers  
and students

- The 'Surfing Geographical' resource is an interactive CD Rom containing over 1000 Internet links organised into major geographical fields and areas of study to enhance the teaching of geography in the classroom.
- The school price of \$49 includes a full school network site license for the product (not individual copying rights).
- Student copies are available for \$20 each. An ideal take home resource for students studying geography at all year levels.
- A great resource for Stage 2 Geography as a research aid.

## SURFING GEOGRAPHICAL

Ideal for student use as an attractive and easy to use reference resource to study geography, environmental or cultural studies.

This resource can be purchased as a school site license (\$49) or student copy (\$20).
